Report on the Financial Statements

We have audited the accompanying financial statements of Nonprofits Assistance Fund (a nonprofit organization), which comprise the statements of financial position as of March 31, 2016 and 2015, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Nonprofits Assistance Fund as of March 31, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Supplementary Information

Our audit as of and for the year ended March 31, 2016 was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary schedules of financial position by fund and activities by fund are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Nonprofits Assistance Fund (NAF) is a nonprofit organization incorporated in the State of Minnesota, created as a Type I supporting organization of The Minneapolis Foundation (TMF) on October 1, 1998.

NAF's mission is to strengthen the community by investing capital and expertise in nonprofits. NAF serves nonprofits in Minnesota and neighboring states. NAF's programs are as follows:

Program and Operations – As a Community Development Financial Institution (CDFI) certified by the US Department of the Treasury, NAF makes loans to nonprofit organizations to expand programs and services, bridge cash flow gaps, consolidate debt, and make capital improvements. Programs are designed to provide financial management assistance to loan clients and to other nonprofits. Customized technical assistance helps organizations understand their financial situation, identify priorities, and develop a plan of action for the near and long-term future. Technical assistance and consulting services include a wide range of diagnostic and mentoring discussions with staff and board leaders. These projects help nonprofits identify, analyze, and adapt their business model and develop plans to tie their mission and goals to strategies that grow capacity and strengthen sustainability. NAF's education and training program provides workshops on topics related to financial management and leadership for directors, board members, and staff and volunteers. Through knowledge sharing activities, NAF develops and distributes articles, guidance, templates, and analysis on topics relevant for nonprofits for managing and planning financial practices, plans, and strategy.

Loan Fund – The loan fund consists of the capital committed to making loans to nonprofit organizations and the equity and debt capital at our disposal to meet those lending needs. Loans made to nonprofits range from \$20,000 to \$1,000,000, and loan clients are organizations of all sizes and stages of development.

Tax Exempt Status

NAF is exempt from income taxes under section 501(c)(3) of the Internal Revenue Service Code. It has been classified as a public charity that is not a private foundation under the Internal Revenue Code and charitable contributions by donors are tax deductible. NAF is also exempt from state income taxes. NAF evaluated its tax positions and determined that it has no uncertain tax positions.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial Statement Presentation

Net assets and revenue, gains, and losses are classified based on donor-imposed restrictions. Accordingly, net assets of NAF and changes therein are classified and reported as:

Unrestricted – Those resources not subject to donor-imposed restrictions. The board of directors has discretionary control over these resources. Designated amounts represent those net assets that the Board has set aside for a particular purpose.

Temporarily Restricted – Those resources subject to donor-imposed restrictions that will be satisfied by action of NAF or by the passage of time.

Permanently Restricted – Those resources subject to a donor-imposed restriction that they be maintained permanently by NAF.

NAF has elected to present temporarily restricted contributions that are fulfilled in the same period within the unrestricted net assets class. NAF has no permanently restricted net assets as of March 31, 2016 and 2015.

Basis of Accounting

The accompanying financial statements of NAF are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Cash and Cash Equivalents

NAF classifies all highly liquid debt securities with a maturity of three months or less at the time of purchase to be cash equivalents. NAF maintains its cash in various bank deposit accounts which, at times, may exceed federally insured limits.

Certificates of Deposit

Certificates of deposit are carried at cost, which approximates fair value.

Accounts and Grants Receivable

Accounts receivable are stated at net realizable value. Management believes all accounts receivable are collectible at March 31, 2016 and 2015. Accordingly, no allowance for doubtful accounts has been recorded.

**NONPROFITS ASSISTANCE FUND
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2016 AND 2015**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Loans Receivable

The loans receivable consist of notes with interest rates ranging from 2% to 8% with maturities through 2030. The board of directors has adopted a loan loss reserve policy. A loan loss reserve is maintained that is considered adequate to absorb losses inherent in the loan portfolio. NAF provides an allowance for uncollectible loans using the allowance method as well as a specific identification method. Interest income is not accrued on loans that are considered to be non-performing. Various loans are secured by business assets.

Other Real Estate Owned

Assets acquired through or in lieu of loan foreclosure are held for sale and are initially recorded at fair value less cost to sell. Subsequent to recording the asset, valuations are periodically performed by management and the assets are carried at the lower of carrying amount or fair value less cost to sell. Revenue and expense from operations and changes in the valuation are included in the Other Income and/or Program Expense line items of the statements of activities.

Gifts and Grants

Contributions, unconditional promises to give, and other assets are recognized at fair values and are recorded as made. All contributions are available for unrestricted use unless specifically restricted by the donor. Donor-restricted contributions are reported as increases in temporarily restricted net assets, depending on the nature of the restrictions. When these restrictions expire, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions. When restrictions are fulfilled in the same time period as the contribution is received, NAF presents such contributions in the unrestricted net assets class.

Notes Payable with Below-Market Interest Rates

After evaluation, it was determined that there is no material difference between prevailing community development finance market rates and the stated rate of any loans, notes payable, or other liabilities in NAF's portfolio. Correspondingly, there is no discount on notes payable stated at March 31, 2016 or 2015, respectively.

Equipment

All major expenditures \$500 or more for equipment are capitalized at cost. Contributed items are recorded at fair value at date of donation. If donors stipulate how long the assets must be used, the contributions are recorded as restricted support. In the absence of such stipulation, contributions of equipment are recorded as unrestricted. Depreciation is computed using the straight-line method over the estimated useful lives of the assets.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

Functional Allocation of Expense

Salaries and related expenses are allocated based on employees' direct time spent on program or support activities or the best estimate of time spent. Rents are allocated based on direct program or support service usage. Expenses, other than salaries and related expense, which are not directly identifiable by program or support services, are allocated based on the best estimates of management.

Fair Value Measurements

NAF categorizes its assets and liabilities measured at fair value into a three-level hierarchy based on the priority of the inputs to the valuation technique used to determine fair value in accordance with accounting standards. NAF does not currently have any financial assets or financial liabilities that are measured at fair value on a recurring or non-recurring basis.

Subsequent Events

In preparing these financial statements, NAF has evaluated events and transactions for potential recognition or disclosure through June 2, 2016, the date the financial statements were available to be issued.

NOTE 2 LOANS RECEIVABLE

Anticipated principal payments on loans receivable as of March 31, 2016 are as follows:

Working capital/business loan credit is extended to nonprofit organizations for program expansion, short-term bridge loans, cash flow stabilization, and funding growth. These loans are often secured with business assets such as grants receivable or program revenue receivables, sometimes with other business assets such as liens on facilities, but may in some short-term situations be made on an unsecured basis.

Community facilities loan credit is generally extended to nonprofit organizations for building purchase, building repair, or renovation. Most of these loans are secured with first or second position mortgage liens.

Affordable housing loan credit is extended to nonprofit organizations specifically for the acquisition, construction, and/or renovation of single family or multi-family residences. Most of these loans are secured with mortgage liens or other business assets.

NAF uses an internal risk rating system to monitor the credit quality of its loan portfolio. At the time of loan approval, each loan is assigned an initial risk classification. Classifications are reviewed at least quarterly during the term of the loan and at any time there is a significant change, positive or negative, in the borrower's operations.

Loan credit quality is rated using letter designations from A to G, with A being the highest quality rating and G being the lowest. Each category is differentiated based on evaluation of financial measures, management and governance, collateral, payment history, and likelihood of full repayment. For reporting purposes in the following tables, ratings A, B, and C are grouped as Pass. Loans rated D are considered Watch. Loans with quality ratings of E and F are considered Substandard. Loans rated G are listed as Doubtful.

Allowance for loan losses: The allowance for loan losses (loan loss reserve) is established as losses are estimated to have occurred through a provision for loan losses charged to earnings. Loans are charged against the loan loss reserve when management confirms that the principal will not be collected. Subsequent recoveries, if any, are credited to the allowance.

Activity in the loan loss reserve for the years ended March 31, 2016 and 2015 was as follows:

On April 30, 2014, NAF received a deed for property in lieu of foreclosure from a borrower. The property received in lieu of foreclosure was collateral for two loans to a single nonprofit organization that ceased operations. As of the acquisition date, NAF recorded the property as Other Real Estate Owned. The property is held for sale. At the time of acquisition, the value of the property was determined to be in excess of the carrying amount of the loans on which the property served as collateral. The property was recorded at carrying amount. As of March 31, 2016, the recorded carrying amount of the property is \$464,107.

During fiscal year 2016, NAF charged off two loans in the amount of \$21,587. Per its policy and practice, NAF had been evaluating the status of these loans periodically and had assigned reserves accordingly. At the time of the charge off, NAF had fully reserved against the potential loss. The balance of the loan loss reserve was reduced by the charge off.

Concentrations

As of March 31, 2016 the principal balance on two loans receivable from Charter Schools Development Corporation was \$2,974,844 or 14% of the total loans receivable. Of this amount, \$2,500,000 is fully guaranteed by Minnesota Business Partnership, which effectively mitigates any risk that might otherwise have arisen from this type of concentration.
