Recent Program Highlights*

We helped our partners LEARN more about community issues and philanthropy, SHARE their ideas and expertise, CONNECT with one another, and GIVE for maximum impact.

SUPPORT WHAT YOU LOVE & WHERE YOU LIVE
To make giving more convenient, effective, and rewarding, we:

- Concluded the first year of our Fourth Generation giving program for young professionals. Members selected and researched the issue of youth homelessness, reviewed funding proposals, conducted site visits, and awarded $17,000 to two local programs.
- Helped donors simplify their estate plans by supporting their favorite causes through our Legacy Funds.
- Helped donor select investment approaches for their Donor Advised Funds that match their giving goals and restructure their funds to allow for greater family involvement in giving.

To ensure everyone in Minneapolis has an opportunity to thrive, we:

- Worked with Wilder Research to identify 24 community indicators of a healthy and productive life for Minneapolis residents. We disaggregated the data to establish a baseline for how each racial and ethnic community is faring. The data was released in October 2011 under the name OneMinneapolis.
- Co-created and managed the Minnesota Helps - North Minneapolis Recovery Fund to provide immediate and longer-term relief to people affected by the May 2011 tornado.
- Helped ensure all students receive a first-rate education from pre-K through post-secondary, we:
  - worked with other funders to promote early childhood during the 2010 legislative session, which resulted in part in the creation of a state-level Office of Early Learning.
  - supported the first year of MinnCAN, an education reform effort focused on statewide advocacy, which made gains in areas such as teacher evaluation and licensure.
  - offered a special education-focused matching grant program to donors, that generated $270,000 for 49 local programs.
  - concluded the Minnesota Dream Fund, a local effort to organize communities of color around educational equity. (Many participants are continuing the work.)
  - hosted a Minnesota Meeting public affairs forum with Teach for America Founder and CEO Wendy Kopp.

*List reflects program activities conducted between January and October of 2011. See previous annual report for 2010 highlights.

Donors and Funds

The Minneapolis Foundation
Funds of The Minneapolis Foundation

Donors who have created funds at The Minneapolis Foundation are as varied as the causes and organizations they care about. Our donors include community volunteers, business owners, retirees, and professionals and they have set up funds as a family, or as part of a group with common interests. Donors support causes ranging from the arts to education, to protecting the environment, promoting for human rights, and advancing medical science.

Donors can take an active role in their grantmaking or entrust the Foundation to make grants to support the issues they care about. Some leave a legacy to benefit the community. Donors recommended over $30 million in grants last year to organizations in our community, across the country, and around the world. These grants support a diverse range of causes and organizations.

The following is a list of funds donors have created at the Foundation, and some of the organizations and causes donors supported through their funds in 2010–11. By giving through The Minneapolis Foundation, you join generations of Minnesotans committed to making a difference through their philanthropy. Whatever your charitable interests, The Minneapolis Foundation is here to help fulfill your philanthropic goals.

We apologize for any errors or omissions.
Our Mission

We Believe that the well-being of each citizen is connected to that of every other and that the vitality of any community is determined by the quality of those relationships.

Our Purpose is to join with others to strengthen our community, in measurable and sustainable ways, for the benefit of all citizens, especially those who are disadvantaged.

We Are Committed to be an effective resource developer and a responsible steward of those resources, an active grantmaker and convener addressing crucial community needs, and an advocate and constructive catalyst for changing systems to better serve people.
Community Grants

The Minneapolis Foundation promotes the well-being of Minneapolis and its residents through grantmaking and community leadership. We award grants to the community from an endowment created over time by generous Minnesotans and from commitments from our funding partners.

These Community Grants support efforts to Transform Education, Promote Economic Vitality, and Build Social Capital that lead to measurable results for Minneapolis residents. We believe that together these activities will help create more social, racial, and economic equity in our community, ensuring everyone in Minneapolis has an opportunity to thrive.

During the 2010-11 fiscal year, The Minneapolis Foundation awarded $4.9 million in Community Grants to 110 organizations.
